The investment process

The Aviva Irl High Yield Equity Fund contains a limited number of stocks, approximately 40, with a target of equal exposure to each. Aviva Investors (formally Hibernian Investment Managers) focus on inexpensive, quality stocks with high yields and good dividend cover, operating in stable markets with a history of consistent performance.

Criteria for selecting stocks

Aviva Investors conduct fundamental analysis on each stock choosing a portfolio that has the following characteristics: above average dividends; reasonable valuation; growing dividends; sufficient dividend cover; operating in desirable end markets.

How to access the fund

Customers can access this fund through our range of Group and Individual Pension products as well as our Select and Simple PRSA. It is also available through Spectrum Bond and Spectrum Saver.
